

TABLE OF CONTENTS:

CHAPTER:

1. Force, weight and centre of gravity.....
2. Turning forces.....
3. Friction, atmospheric and liquid pressure.....
4. Machines
5. Density, Archimedes principle and floating bodies.....
6. Elasticity
7. Motion
8. Work, mechanical energy and power.....
9. Gravitational, circular motion and simple harmonic motion.....
10. Measurement of heat.....
11. Specific heat capacity and heat capacity.....
12. Latent heat.....
13. Linear expansion.....
